## FAMILY DESTITUTE.

JOHN REESE, RESIDING AT WALKER, REPORTED MISSING.

Former Employers Begin Ejectment Proceedings—One Girl Supports Large Family.

John Reese, a clay miner, who resided at Walker, left his home there two weeks ago and the family are destitute.

The Reeses originally came from down the river and have lived at Walker for the past year. They had \$18 in the house, which it was their intention to invest in furniture, and Reese, it is said, took this with him, leaving them without a cent.

On Tuesday a daughter was in East Liverpool, and from what could be gathered the members of the family are in bad shape. The daughter, who is about 17 years old, stated she had a sister two years her senior who was blind, and there were five small children besides, all dependent upon her for support.

This morning the American Sewer-pipe company entered suit in the court of Justice McLane to recover possession of the house in which the Reese family live. The probabilities are they will be ejected, and if they are, will be thrown upon the township trustees for support.

The authorities have not yet been appealed to, but the girl states she will do so today. Then an attempt will be made to locate the missing man.

## BAD FREIGHT WRECK

TWO TRAINS IN COLLISION AT ELKTON TODAY.

Four Cars And an Engine Go to Smash Over an Embankment.

Lisbon, May 3.—(Special.)—A serious freight wreck occurred on the Pittsburg, Lisbon, & Western railroad at Elkton this morning. One freight train was standing on the track near the fruit house when the second train rounded the curve and collided with it. Four cars and the engine were thrown from the track, falling over an embankment to the county road, 15 feet below. The cars were badly smashed, but no one was injured. The engineer and fireman escaped by jumping.

## A STREET CAR'S NARROW ESCAPE

Tons of Earth and Stone Fell on the Street Railway Near Walker.

## AN ACCIDENT ON THE HILL

Motorman Kerr, in Charge of a Summer Car, Had Passed the Spot But a Few Seconds When the Slip Occurred.

There occurred shortly after 1 o'clock today, at the top of Walker's hill, the worst slip since the street car line was built down the Wells-ville road.

The earth and rocks, principally the latter, let loose at a point some 35 feet above the street railway and came down with a deafening crash.

The length of the slide is about 40 feet, but it covers the track for a much greater distance, a large quantity of rock having fallen over the edge of the roadbed and partially filled a hole immediately below the car line.

At the point where the slip occurred the road is very narrow. In fact, it is one of the most dangerous spots on the line. It is the spot where passengers are said to hold their breath when passing, and the wonder is that something more serious had not occurred.

As it was Motorman Kerr, in charge of one of the old summer cars, narrowly missed being caught by the falling embankment. A number of passengers were aboard the car and all were more or less frightened.

In a very short space of time Acting Manager Westcott and Superintendent Reed had a force of 50 men at work, and the tracks will be cleared by evening. A large force of track men were employed at the Walker switch remodeling it and they were pressed into service.

Traffic was suspended between Jethro and Wellsville, and great inconvenience was suffered by travelers between the two cities, a great many people being compelled to walk the distance.

## FINE RECEPTION BY THE JUNIORS

## EVENING DELIGHTFULLY SPENT

The Hall Where the Entertainment Was Held Was Handsomely Decorated—A Fine Musical Program Followed by a Banquet.

The junior class of the East Liverpool high school entertained the senior class and their friends at G. A. R. hall last evening in a truly royal manner. The hall was beautifully decorated with laurel, carnations, daisies and other flowers, which were artistically blended with delicate tissue paper, designs in pink and green, representing the junior class colors. The banquet hall was also decorated in junior colors and the tables were bountifully supplied with flowers.

The Misses Bloor, Ikirt, Shrader and Orin, who formed the reception committee, welcomed the guests at the door and everyone was thoroughly acquainted before the musical program began. This program was excellently rendered, showing careful preparation on the part of the performers. It was as follows:

Vocal solo, "A Song of the Seasons," Prof. Laughlin; "A Night in Paris," Mandolin club; baritone solo, "When I Think of Thee," Prof. George Johnson; "Dornroschen," Miss Pearl Shrader; vocal solo, "Because of Thee," Miss Emma Bloor.

The solo by Miss Bloor was especially fine. In response to a storm of applause she was compelled to render a second number.

The banquet hall was not large, and the guests were served in turn. The high school faculty came first at 10 o'clock and it was 12:30 before all the guests present had been served. The tables were very daintily decorated, and the junior girls in charge were quite as adept in the dining hall as they had been in the reception room. The menu was as follows:

Chicken Salad on Lettuce.  
Deviled Sandwiches.  
Coffee, Olives, Pickles.  
Salted Peanuts.  
Brick Ice Cream, in Junior Colors.  
Cake, Bon Bons.

Throughout the evening the Peerless Mandolin club filled the hall with strains of delightful music.

The rain in the early part of the evening did not affect the attendance. There were about 150 guests present.

All the members of the senior class except four were present. The following are the members of the two classes who were present:

Senior class—The Misses Cora Allen, Lena Blake, Lillian Burkett, Nellie Kerr, Alice Bucher, Pearl Finley, Effie McKinnon, Lottie Smith, Emille Firth, Maud Elliott, Maud McDole, May Scragg, Tillie Agner, Maud Doak, Georgia Ikirt, Margaret Poe; Messrs. ## The Game Called Off.

The ball game to have been played by the decorators and kilnhands of the Knowles, Taylor & Knowles pottery on May 11 will probably never be played, as the decorators claim the kilnhands want to run several of their players in with their team, and more than likely the stake of \$50 a side, which is now up, will be withdrawn.

#### OIL ON BEAVER CREEK

NEW WELLS TO BE PUT DOWN IN AN OLD FIELD.

Local Capitalists Interested in the Venture—Old Wells to Be Set Going.

The Allen Cliff oil field, on Little Beaver creek, west of Smith's Ferry, is to be reopened and a number of new wells drilled. The work will be in charge of S. M. Crawford, of Shanopin, Pa., who is an experienced operator. Several local capitalists are interested in the scheme. S. C. Williams, of Second street, is perhaps the heaviest local investor.

About a dozen old wells which were fairly good pumps will be cleaned out and again put in operation. The oil found here is very valuable for lubricating purposes and also as a floor oil. Oil has been found in small quantities in almost every well drilled here, and as the building of the B. & O. railroad, which is surveyed through this field, is practically certain, it is thought that the field can be reopened and made a paying one.

Prof. A. B. Stutzman has been re-elected superintendent of the Kent schools for a term of three years at \$1,400 a year. He has already served 23 years in that capacity.

#### OIL ON BEAVER CREEK

##### NEW WELLS TO BE PUT DOWN IN AN OLD FIELD.

Local Capitalists Interested in the Venture—Old Wells to Be Set Going.

The Allen Cliff oil field, on Little Beaver creek, west of Smith's Ferry, is to be reopened and a number of new wells drilled. The work will be in charge of S. M. Crawford, of Shanopin, Pa., who is an experienced operator. Several local capitalists are interested in the scheme. S. C. Williams, of Second street, is perhaps the heaviest local investor.

About a dozen old wells which were fairly good pumpers will be cleaned out and again put in operation. The oil found here is very valuable for lubricating purposes and also as a floor oil. Oil has been found in small quantities in almost every well drilled here, and as the building of the B. & O. railroad, which is surveyed through this field, is practically certain, it is thought that the field can be reopened and made a paying one.

# MORGAN AFTER THEM

Seeking Control of the Coal Industry of Sunday and Hocking Valleys.

## A COMBINATION MAY GET THEM

Estimated That Amount of Deal May Approximate Between About Seven to About Ten Millions—Undeveloped Lands May Also Be Secured.

Athens, O., May 3.—From authority which seemed indisputable, there came the information that almost the entire coal industry of the Hocking and Sunday Creek valleys will come under the management of the gigantic combination of capital, of which J. P. Morgan is the head.

According to the information, it is the intention of the syndicate to get control of all the mines now in operation and to secure as many acres as possible of undeveloped coal lands. This deal will practically include all the coal lands and mines in the three counties of Athens, Perry and Gocking.

Conservatively estimating the amount of the deal it can be approximately placed at from about \$7,000,000 to about \$10,000,000.

The total daily capacity of all the mines in the three counties is conservatively placed at 30,000 tons. It may be considerable more, and it is certain that the capacity is not less.

### PAWNBROKER ARRESTED.

Accused of Being Accomplice of Biddle-Dorman Gang.

Detroit, May 3.—In the arrest here of Barnett Werbe, a leading pawnbroker of Detroit, it is believed the last of the Biddle-Dorman gang, to whom the numerous burglaries of about the past four months in Allegheny county, Pa., culminating in the murders of Grocer Thomas D. Kahney and City Detective Patrick E. Fitzgerald are attributed, has been run down. Werbe is arrested at his place of business, 87 Michigan avenue, a conspicuous corner in the heart of the city. He was making a bitter fight against extradition through his attorney, William Robinson.

Today Governor A. T. Bliss was to grant a special hearing at Lansing on the application for the requisition papers. City Detective Richard Kelly and County Detective R. G. Robinson, of Pittsburg, are here endeavoring in every possible way to secure the prisoner and take him back to Pittsburg.

Werbe, it is charged by the Pittsburg detectives, if not the actual plotter of all the daring schemes of robbery conducted by the two Biddles and Dorman, had at least a working arrangement with them by which he would dispose of all the plunder of a certain character sent him.

### DROWNED FOUR CHILDREN?

Rosenfield Believed to Have Done So and Then Suicided.

St. Paul, May 3.—The four Rosenfield children, supposed to have been hurled over the Marshall avenue bridge by their father, were: Joseph, 9 years; Mary, 7 years; William, 4 years; and Samuel, 2 years.

The father is supposed to have committed suicide by also throwing himself overboard. A watchman found the body of a boy floating in the Mississippi.

The search for the other bodies will be pushed rapidly. Rosenfield had for some time been separated from his wife, who has been living in Minneapolis, while Rosenfield lived in St. Paul. About a week ago he hired a carriage and got his children from their relatives, who were keeping them. He tried to prevail on his wife to accompany them, but she refused. The next morning the horse was found near the Marshall avenue bridge, all trace of the occupants of the carriage having disappeared until Thursday.

### Hanged Himself in a Barn.

Massillon, O., May 3.—While plowing at their farm yesterday, George Blaumeiser, aged 22 years, unmarried, locally remarked to his father that he "was too heavy for light work," and that he thought he would go to the house and rest. Two hours later his dead body was found hanging in the barn, a halter about his neck. Blaumeiser was an inmate of an insane hospital. He had been released on trial.

### Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around, but constantly suffered. Why not use this liniment and get well? It is for sale by Alvin H. Bulger, drug list.

### DROWNED FOUR CHILDREN?

Rosenfield Believed to Have Done So and Then Suicided.

St. Paul, May 3.—The four Rosenfield children, supposed to have been hurled over the Marshall avenue bridge by their father, were: Joseph, 9 years; Mary, 7 years; William, 4 years, and Samuel, 2 years.

The father is supposed to have committed suicide by also throwing himself overboard. A watchman found the body of a boy floating in the Mississippi. The search for the other bodies will be pushed rapidly. Rosenfield had for some time been separated from his wife, who has been living in Minneapolis, while Rosenfield lived in St. Paul. About a week ago he hired a carriage and got his children from their relatives, who were keeping them. He tried to prevail on his wife to accompany them, but she refused. The next morning the horse was found near the Marshall avenue bridge, all trace of the occupants of the carriage having disappeared until Thursday.

### Hanged Himself in a Barn.

Massillon, O., May 3.—While plowing at their farm yesterday, George Blaumeiser, aged 22 years, unmarried, jokingly remarked to his father that he "was too heavy for light work," and that he thought he would go to the house and rest. Two hours later his dead body was found hanging in the barn, a halter about his neck. Blaumeiser was an inmate of an insane hospital. He had been released on trial.

### Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around, but constantly suffered. Why not use this liniment and get well? It is for sale by Alvin H. Bulger, drug gist.

## THE PRESIDENT'S SPEECHES.

One of the leading Democratic organs of the country professes to be surprised at the character of the speeches which President McKinley has been delivering in the south. It remarks: "With no election in sight, and with the next session of congress still more than six months off, it was supposed that Mr. McKinley's responses to the greetings en route would be made up of that pleasant oratorical compound known as 'taffy.' Instead of this, the president has not only reaffirmed his adherence to 'expansion,' which he has good reason to know is popular at the south, but has boldly hinted at a progressive economic and commercial policy."

Well, what is wrong with that course? Democratic organs are certainly mighty short of material for fault-finding when they attack the president for talking sense instead of nonsense. President McKinley never indulges in specious platitudes or high-sounding but meaningless oratory. His utterances are always those of a patriot and a statesman. He never talks unless he has something to tell that the people want to hear. He always takes the people into his confidence. The southerners may not all agree with him, but they are all admirers of plain speech and frankness. The Democratic organs need not worry about McKinley's speeches; they won't find anything wrong in them. He does not open his mouth and put his foot in it, like the shallow statesman from the Platte, but every word that he utters inspires popular confidence. He trusts the plain people and they trust him; moreover, he has full faith in their intelligence, and sees no good reason for talking to them in riddles or feeding them "taffy."

## HONORS TO CONGER.

Minister Conger is back in Iowa among his own people. The reception accorded him must be some compensation for the trials and dangers through which he passed, when, in common with the diplomats of other civilized nations and their families, he was shut up for weary weeks within the walls of Peking, threatened with starvation or death at the hands of the fanatical and barbarous Boxers. Minister Conger had an experience such as never fell to the lot of any other American representative abroad, and such, we hope, as will never be repeated. The very thought of the possibility of its recurrence is enough to make civilization shudder. Minister Conger, besides being loved for the dangers he has passed, has shown himself to be an able diplomat and a patriotic American, and the whole country, as well as his own state, accords him full honor for what he has done and endured in the government service. All congratulate him most heartily and all will applaud the action of the Republicans of Iowa if they bestow political preferment and make him their governor, as they have intimated that they may do.

## THE OLD STORY.

A Car off the Track And Others Delayed—Street Railway Men's Troubles.

When the rainstorm began last evening the usual trouble was experienced with the street cars. At the corner of Franklin and Sixth streets cars 33, 35 and 36 furnished entertainment for a large crowd of spectators. The crews were compelled to work in the heaviest of the shower, and it was some time before matters were straightened out.

No. 33 was off the track at the east end of the switch and 35 at the other. When they were put on all were compelled to go through the switch and the left track.

The Cleveland & Pittsburg Railroad company and the street railway company had their forces of men at work this morning placing a new crossing in the track at Second street. The crossing has been in a bad condition for some time, and all trains have been compelled to slow down over it for several days. It was the cause of a street car jumping the track last night about 7:30 o'clock. The car was across the main track and with the aid of several other cars and the shifting engine it was placed on the track just a few minutes before the arrival of the 8 o'clock train. A transfer of 30 minutes was caused by the accident.

The convention of the Epworth League of the Methodist Episcopal church opened last night at the First church in this city. Charles Boyce, of this city, delivered the address of welcome and Miss Porter, of Toronto, made the response. Rev. Arthur Staples, D. D., president of Beaver college, was then introduced and he delivered an eloquent address, taking for his subject "The Christian an Ambassador for Christ." He also spoke of the progress of the league during the last few years and of the bright prospect of it making a greater progress in years to come. After benediction the league adjourned to convene again this morning at 6:30 o'clock in sunrise praise service, which was led by Rev. E. E. Adams, of Toronto.

## MARTHA'S ELOPEMENT.

SHE DONNED MAIL ATTIRE TO GO IN A BOX CAR.

Arrest of Herself And Lover Frustrated Plans—She is a Steubenville Girl.

Chicago, May 3.—Love for the man who, in a time of adversity, proved true to her, and who, when she was seriously ill, nursed her back to life, caused Martha Snyder, the pretty young daughter of wealthy parents of Steubenville, O., to plan an elopement.

Shorn of her curly locks and attired in male clothing, she was about to start for the east with Fred Cooper, when they were arrested. Cooper explained that since they were short of funds, it was decided that they would attempt to steal their way east in a box car.

Miss Snyder is the daughter of the late Tony Snyder. Her mother, Margaret Snyder, was re-married and lives at Alikanna four miles above Steubenville. The girl is said to have been in the house of correction. Some time ago she was employed at a hotel in Canton. There she met Cooper and it was love at first sight. Cooper came to Chicago in search of work and she followed him. They were planning to go to New York, stopping on their way east at Steubenville to see parental forgiveness. They had but \$7 between them.

The next day Martha and Fred were married in the Chicago police court. The girl is only 17. They will be given transportation to Steubenville by the city.

## POLITICAL MATTERS.

Through Rev. P. Robertson, pastor of the Mohawk Presbyterian church, of Cincinnati, who is now in Brooklyn, word has been received that Colonel H. M. Robert, of Portsmouth, O., has been made brigadier general and chief of the engineer corps of the United States army. This is the first time since the establishment of the government that an Ohio man has been advanced to that responsible position. Through the influence of Senator Foraker the honor was thus conferred upon one of Ohio's sons. Colonel Robert is the author of "Robert's Rules of Order."

Colonel James Kilbourne very much desires the Democratic gubernatorial nomination. The colonel is a good business man, a gentleman in every sense of the word, but has no idea of the game of politics and makes moves which cause enemies in his own party to spring up all about him to encompass the defeat of his aspirations.—Tolledo Blade.

The joint Morgan-Noble legislative convention will be held at McConnellsville on May 23. Hon. E. Lefevre, of Morgan, who is serving his first term, is a candidate for renomination, and he appears to have the call.

# AMONG THE TEXANS

President McKinley Is Expected to Reach Houston Some Time Today.

## SCENE IN HISTORIC CABILDO

A Notable Affair In Honor of President McKinley at New Orleans. Visited a Negro College—Trip on Mississippi.

New Orleans, May 3.—About 6 o'clock last night the presidential special resumed its long journey to the Pacific. Houston, Texas, will be reached today.

After a short visit to the Southern university Thursday, where about a thousand colored students greeted the president with waving bits of colored bunting, so arranged as to make the whole an American flag, and where the president made a brief speech, the party passed across Canal and Rampart streets, the boundaries of the new city, into the old town, with its narrow streets, its quaint galleried residences, its cathedrals, old Spanish buildings and the French market.

### Drew Up Before the Cabildo.

There was a striking picture when the party drew up before the mouldering cabildo, over a hundred and fifty years old, which is situated opposite what is now called Jackson square, but which in the old days was the Place d'Armes, where Spanish generals formerly drilled their soldiers. Around the encircling streets the balconies were thronged and down in the square was a crowd of people. Many races were represented, but the foreigners were mostly French and Italians. Those on the outer edges of the crowd stood with their faces pressed against the high iron railings that enclose the park. Many people were perched in the trees. The French tri-color and several other strange flags, among them the red, white and green banner of Portugal, were interspersed with American flags in the decorations. Drawn up in line before the historic old building were young cadets from the Jesuit college, and up the winding stairway at the entrance of the building was ranged a file of the continental guards, a local organization, in the buff and blue of the revolutionary era, wearing cockades and white crossed belts, with the figures "76" on their shining brass belt plates. As the president alighted a squad of the cadets blew a fanfare on their French trumpets, the Louisiana field artillery fired a salute of 21 guns and the bells of the cathedral and all the churches in the quarter pealed out their welcoming greeting. It was an inspiring moment. Up the stairway, past the continental guard, the president and his party mounted into the crimson-draped audience chamber where the exercises took place. The minds of the visitors were carried back to the days long ago, when Spanish kings ruled here, and to that memorable day, almost a century ago, when the keys of the city of New Orleans were delivered up in this very room to Wilkinson and Claiborne, the American commissioners, and French dominion over the great Louisiana territory passed to the sovereignty of the United States.

Alcee Fortier, a distinguished Creole, president of the Louisiana Historical society, recalled these great events in his address to the president, and the president, in his response, dwelt upon their momentous bearing upon the world's history. It was a notable speech and was received with enthusiasm by the distinguished gathering present. The president spoke as follows:

### What the President Said.

"I rise only for the purpose of making acknowledgement to the Louisiana Historical association for its cordial and generous welcome to this historic place. It has been a great honor to me to be received here by the governor of this great commonwealth, by the chief justice and his associates of its highest court; by the mayor of the city to this place, memorable not only in American annals, but memorable in the annals of the world (Applause.) I am glad to stand nearby where that great transaction took place which transferred the Louisiana territory to the flag of the stars (applause), a transaction which changed the map of the world and made this Union what it now is, the strongest and freest nation on the face of the earth." (Great applause.)

When he had concluded the president appeared upon the balcony to show himself to the waiting thousands outside. The cadets below presented arms and the square and the buildings surrounding it fluttered with handkerchiefs and flags, while the air was torn by the hoarse roar of the shouts of the multitude. The president stood waiting for the cheering to subside. He acknowledged the demonstration with a bow, right and left, and spoke as follows:

"My Fellow Citizens—I have great honor in standing on this historic ground to receive the greetings of my countrymen and to recall the fact that here nearly a hundred years ago, a great scene was enacted that dedicated a larger area than the orig-

inal 13 states to liberty and union forever." (Applause.)

### Took Ride on Mississippi.

The party then returned to the hotel for luncheon and in the afternoon embarked on a Mississippi river steamboat for a trip along the river front, from Audubon park to the historical battlefield of Chalmette, where the monument erected in memory of the defeat of Pakenham by General Jackson commands a view of the river. A little further up, and on the Algiers side of the stream, the presidential party had a good view of the preparations now being made for the reception of the new floating dry dock now in course of erection by the government at Sparrows Point, Maryland.

The ladies of the party had remained quietly at the hotel during the ceremonies of the morning, only a few of them taking a quiet ride around the city, but they participated in the river trip, and enjoyed it.

### FOUND IN THE RIVER.

Body of an Unknown Taken from the Ohio at Vanport.

Beaver, Pa., May 3.—While crossing the Ohio river between this town and Vanport, yesterday David Jones, who runs a wire ferry, and Attorney Lewis W. Reed, of Beaver, discovered a man's body in the water near the Vanport shore. The body was brought to Beaver and is in charge of Coroner J. D. Anderson. The man was about

40 years of age, five feet three inches tall, and weighed about 165 pounds.

There is a long cut on his face. It is thought the body is that of a deck hand from one of the coal boats, who had been injured in some way and knocked into the water. The body had been in the water at least five months.

### EXCITEMENT IN A LODGE.

Candidate, While Being Initiated, Fired at an Officer.

Nyack, N. Y., May 3.—Normal Hemingway, from Kansas City, who had been living in Rockland county for several months, was initiated in the lodge of Odd Fellows at Spring Valley. During part of the ceremony W. R. Sherwood, an officer of the lodge, acted in a stern manner and rushed toward Hemingway, intending it as a joke. Hemingway thought Sherwood was in earnest and pulled out a revolver and fired it. The powder burned Sherwood's face, but the bullet missed him. There was great excitement in the lodge and the incident broke up the meeting.

### EVIDENCE FOR CAPTAIN REED.

It Was Submitted—Believed He Will Be Found Guilty.

Manila, May 3.—The evidence for the defense in the trial of Captain James C. Reed, ex-depot commissary at Manila, charged with soliciting and receiving bribes and other official misconduct, was submitted. It is generally believed the court will find Reed guilty.

It is again reported that Cailles will show surrender. The remnants of Tinio's army are surrendering.

### Train on Lake Shore Wrecked.

Cleveland, May 3.—A heavy crank shaft that had been flung off a flat car and which landed on the opposite track caused the derailment of Lake Shore train No. 10 at Berea last night.

The passenger engine was badly damaged and a couple of cars derailed, but so far as known no one was injured. A freight train ran into the passenger wreck, damaging the engine considerably. Trains on the Lake Shore in both directions were delayed in consequence.

## SOME CO-OPERATIVES OBJECT

Effort Will Be Made to Induce Them to Agree—Effects Nearly 18,000 Workers—Wages to Be Increased 15 Per Cent.

Indianapolis, May 3.—As the result of a national conference of window glass interests held here it was decided to close down nearly all factories in the United States on May 11 and to give all employees an advance in wages of 15 per cent. The conference was attended by representatives of all the co-operative glass factories in the country. There were also present members of the wage workers' committee and President Chambers, of the American Window Glass company, commonly called the trust. The result of the conference effects 2,750 glass blowers and 15,000 other employees, all of whose wages will be increased 15 per cent.

The action of the co-operatives, however, does not meet with general approval, and there are indications that some of them will refuse to abide by the action of the majority. One of them said after the close of the meeting that he would not abide by it. Another meeting will be held today, at which details will be arranged and an effort will be made to secure the consent of the co-operatives.

## Mandamuses Were Refused.

Harrisburg, May 3.—Judge Weiss handed down an opinion in several of the school mandamus cases against the state treasurer and superintendent of public instruction, in which he holds that the question of sufficiency or deficiency of revenue does not enter into the right or power of the governor to approve or disapprove a part of an item of an appropriation; that the governor may consider that in the exercise of the right or power, but the question of sufficiency of revenue does not enter into the right or power itself. For this reason the mandamuses were refused.

Expected Sailing of Transports From Philippines.

Washington, May 3.—Major Miller, chief quartermaster at Manila, cabled the war department an approximate schedule of the sailing of transports from Manila with troops to be mustered out of service, as follows:

May 10—Hancock, with the Thirty-first; Buford, with the Forty-first; Pennsylvania, with the Fortieth.

May 20—Logan and Kilpatrick, with the Thirty-eighth, Forty-third and Forty-fourth; Indiana, with the Forty-second.

May 25—Grant, with the Forty-eighth and Forty-ninth; Ohio, with the Forty-seventh.

If there should be any surplus they will be sent on the Thomas.

## BERGHOLTZ RAILROAD

Through the Jefferson County Coal Fields Will Be Commenced Soon.

Information has been received that the bids of the contractors have been submitted upon the work of building the Wheeling, Alliance & Lake Erie railroad for the Morris-Garfield syndicate and that the contract will be awarded in a short time and the work started. For the present it is said that the line will be built only from Bergholtz south, reaching the coal fields of Jefferson county.

The ultimate intention, however, is to build to Fairport, thus giving the road a lake outlet. It is expected that the construction work will be under way before the middle of May.

## Mandamuses Were Refused.

Harrisburg, May 3.—Judge Weiss handed down an opinion in several of the school mandamus cases against the state treasurer and superintendent of public instruction, in which he holds that the question of sufficiency or deficiency of revenue does not enter into the right or power of the governor to approve or disapprove a part of an item of an appropriation; that the governor may consider that in the exercise of the right or power, but the question of sufficiency of revenue does not enter into the right or power itself. For this reason the mandamuses were refused.

## Captain Alger Married.

Detroit, May 3.—Miss Mignonne E. Swift, of this city, and Captain Frederick E. Alger, son of ex-Secretary of War Russell A. Alger, were married in the Fort Street Presbyterian church. Captain and Mrs. Alger left for the east in General Alger's private car and will sail for the Mediterranean. It was expected, on Saturday.

# EVENING NEWS REVIEW.

17TH YEAR. NO. 276.

EAST LIVERPOOL, O., FRIDAY, MAY 3, 1901.

TWO CENTS

## THE GRAND JURY RETURNS A BATCH OF INDICTMENTS

East Liverpool Names Quite Numerous on the List of Those to Be Tried at Lisbon.

## MANY GRADES OF CRIME ARE REPRESENTED

Dave Brown Must Stand Trial For Burglary and Assault and Battery, Patrick McGill For Horse Stealing and Wm. Call, Sam Dawson and Drexel Lowry For Burglary—Two Indictments Against Andrew Miller's Assailant—Judge Hole Seriously Ill.

Lisbon, May 3.—(Special.)—The grand jury, which has been in session since Monday, returned a partial report late yesterday afternoon and then resumed its work. Twenty-nine indictments were reported, but only 16 of the number were given out for publication, as 13 of those indicted are not under arrest. The following are the indictments reported:

Patrick McGill, of East Liverpool, unhitching a mare belonging to Norman Bricker, on April 11, on the Lisbon square; William Call, of East Liverpool, burglary and larceny, committed on February 11, by stealing 15 sacks of flour from the Faulk Bros. company; William Bell and John Healey, of Salem, burglary and larceny, committed March 18, in stealing two bottles of whisky from Paul Shaffer's saloon; Richard Gibb, of Salem, assault and battery, committed March 21, on Elmer Boals; David Brown, of East Liverpool, burglary and assault and battery, committed at the home of Mrs. Laura Williams, April 2; Harry Kemp, of Salem, burglary, in attempting to rob the home of Mrs. Rachel Gee in Salem April 24; John Gales, of East Palestine, burglary and larceny; Charles Curtis Staub, for shooting with intent to kill and wound Andrew Miller, an aged farmer of West township, about two weeks

ago; Samuel Dawson and Drexel Lowry, of East Liverpool, breaking, entering and larceny, who are charged with stealing 10 revolvers and 1,100 cartridges from the Milligan Hardware company April 21; Irvin H. Busier, of Wellsville, burglary and larceny, in breaking into the home of Mrs. Alexander Palen during the night of March 3 and stealing \$117 and two watches; John Blind, of Leetonia, non-support of three minor children during the past year; David Thomas, of Wellsville, assault and battery, on Mrs. Nanin Cornell, January 28; Roland Edwards, of Lisbon, assault and battery, on George Carlisle on March 30.

Mrs. Mary M. Haas has entered suit asking for a divorce from Charles H. Haas, of Leetonia. They were married in that town in 1893 and Mrs. Haas charges neglect and failure to provide.

Common pleas court did not open this morning owing to the illness of Judge Hole, who is suffering with an abscess on his face. Saturday evening he returned to his home in Salem and this morning notified the officials here that he was not able to attend court. Judge Rogers, of Youngstown, was telegraphed for and arrived here at 1 p. m. today, to receive the final report of the grand jury and discharge it. This will take place this afternoon.

## FAMILY DESTITUTE.

JOHN REESE, RESIDING AT WALKER, REPORTED MISSING.

Former Employers Begin Ejectment Proceedings—One Girl Supports Large Family.

John Reese, a clay miner, who resided at Walker, left his home there two weeks ago and the family are destitute.

The Reeses originally came from town the river and have lived at Walker for the past year. They had \$18 in the house, which it was their intention to invest in furniture, and Reese, it is said, took this with him, leaving them without a cent.

On Tuesday a daughter was in East Liverpool, and from what could be gathered the members of the family are in bad shape. The daughter, who is about 17 years old, stated she had a sister two years her senior who was blind, and there were five small children besides, all dependent upon her for support.

This morning the American Sewerpipe company entered suit in the court of Justice McLane to recover possession of the house in which the Reese family live. The probabilities are they will be ejected, and if they are, will be thrown upon the township trustees for support.

The authorities have not yet been appealed to, but the girl states she will do so today. Then an attempt will be made to locate the missing man.

## A \$75,000 BLAZE

Fire at Loudonville Sweeps Away a Large Part of the Town.

Loudonville, May 3.—(Special.)—Fire which started in the barn of the American house, destroyed the hotel and many residences. Loss \$75,000. Help was called from Mansfield and Wooster.

## A STREET CAR'S NARROW ESCAPE

Tons of Earth and Stone Fell on the Street Railway Near Walker.

## AN ACCIDENT ON THE HILL

Motorman Kerr, in Charge of a Summer Car, Had Passed the Spot But a Few Seconds When the Slip Occurred.

There occurred shortly after 1 o'clock today, at the top of Walker's hill, the worst slip since the street car line was built down the Wellsville road.

The earth and rocks, principally the latter, let loose at a point some 35 feet above the street railway and came down with a deafening crash.

The length of the slide is about 40 feet, but it covers the track for a much greater distance, a large quantity of rock having fallen over the edge of the roadbed and partially filled a hole immediately below the car line.

At the point where the slip occurred the road is very narrow. In fact, it is one of the most dangerous spots on the line. It is the spot where passengers are said to hold their breath when passing, and the wonder is that something more serious had not occurred.

As it was Motorman Kerr, in charge of one of the old summer cars, narrowly missed being caught by the falling embankment. A number of passengers were aboard the car and all were more or less frightened.

In a very short space of time Acting Manager Westcott and Superintendent Reed had a force of 50 men at work, and the tracks will be cleared by evening. A large force of track men were employed at the Walker switch remodeling it and they were pressed into service.

Traffic was suspended between Jethro and Wellsville, and great inconvenience was suffered by travelers between the two cities, a great many people being compelled to walk the distance.

## NEW SCALE

Of Laundry Workers' Union About to Go Into Effect—A Meeting Tonight.

The laundry workers' union, which was recently organized, will meet this evening for the purpose of completing arrangements for putting their new scale into effect next Monday.

With but few exceptions the laundry workers, men and women, are members of the organization, and it has been arranged that those who are still out shall be initiated tonight.

No trouble is anticipated in having their list recognized and enforced.

## HO! FOR MERRY ENGLAND.

Three East Liverpool People Booked for a Trip to Their Native Land.

Sampson Turnbull will sail on the Rhyndland from Philadelphia on May 18 to visit his native land and friends in England.

Harry Hancock will sail on the Campania from New York to Liverpool on the same date for the same purpose.

Mrs. Hannah and M. Stubbs will sail on the Campania, June 15, from New York to Liverpool, to visit her parents in England.

## River Continues to Fall.

## FINE RECEPTION BY THE JUNIORS

Entertained the High School Seniors and Their Friends In Superb Style.

## EVENING DELIGHTFULLY SPENT

The Hall Where the Entertainment Was Held Was Handsomely Decorated—A Fine Musical Program Followed by a Banquet.

The junior class of the East Liverpool high school entertained the senior class and their friends at G. A. R. hall last evening in a truly royal manner. The hall was beautifully decorated with laurel, carnations, daisies and other flowers, which were artistically blended with delicate tissue paper, designs in pink and green, representing the junior class colors. The banquet hall was also decorated in junior colors and the tables were bountifully supplied with flowers.

The Misses Bloor, Ikirt, Shrader and Orin, who formed the reception committee, welcomed the guests at the door and everyone was thoroughly acquainted before the musical program began. This program was excellently rendered, showing careful preparation on the part of the performers. It was as follows:

Vocal solo, "A Song of the Seasons." Prof. Laughlin; "A Night in Paris." Mandolin club; baritone solo, "When I Think of Thee." Prof. George Johnson; "Dornroschen." Miss Pearl Shrader; vocal solo, "Because of Thee." Miss Emma Bloor.

The solo by Miss Bloor was especially fine. In response to a storm of applause she was compelled to render a second number.

The banquet hall was not large, and the guests were served in turn. The high school faculty came first at 10 o'clock and it was 12:30 before all the guests present had been served. The tables were very daintily decorated, and the junior girls in charge were quite as adept in the dining hall as they had been in the reception room. The menu was as follows:

Chicken Salad on Lettuce.  
Deviled Sandwiches.  
Coffee, Olives, Pickles.  
Salted Peanuts.  
Brick Ice Cream, in Junior Colors.  
Cake, Bon Bons.

Throughout the evening the Peerless Mandolin club filled the hall with strains of delightful music.

The rain in the early part of the evening did not affect the attendance. There were about 150 guests present.

All the members of the senior class, except four were present. The following are the members of the two classes who were present:

Senior class—The Misses Cora Allen, Lena Blake, Lilian Burkett, Nellie Kerr, Alice Bucher, Pearl Finley, Effie McKinnon, Lottie Smith, Emile Firth, Maud Elliott, Maud McDole, May Scragg, Tillie Agner, Maud Doak, Georgia Ikirt, Margaret Poe; Messrs. Leonard Schepp, Arthur Allison, Charles Gardner, Alfred Cartwright, Edwin Clinton, William Edwards, Joe Frederick, Ralph McIntosh.

Junior class—The Misses Hattie Orin, Edna Smith, Lily Harrison, Mayme Randall, Blanche Carey, Hattie Poe, Pearl Shrader, Blanche McDonald, Edna Davidson, Myrtle Webber, Emma Bloor, Ruby Ikirt, Rest Humerickhouse; Messrs. John Travis, Otis Swan, Abner Nice, William Lowden, Frank Rigby, Harry Burkett.

The evening was a delightful one, both for the entertainers and the guests.

## The Game Called Off.

The ball game to have been played by the decorators and kilnhands of the Knowles, Taylor & Knowles pottery on May 11 will probably never be played, as the decorators claim the kilnhands want to run several of their players in with their team, and more than likely the stake of \$50 a side, which is now up, will be withdrawn.

### OIL ON BEAVER CREEK

NEW WELLS TO BE PUT DOWN IN AN OLD FIELD.

Local Capitalists Interested in the Venture—Old Wells to Be Set Going.

The Allen Cliff oil field, on Little Beaver creek, west of Smith's Ferry, is to be reopened and a number of new wells drilled. The work will be in charge of S. M. Crawford, of Shanopin, Pa., who is an experienced operator. Several local capitalists are interested in the scheme. S. C. Williams, of Second street, is perhaps the heaviest local investor.

About a dozen old wells which were fairly good pumpers will be cleaned out and again put in operation. The oil found here is very valuable for lubricating purposes and also as a floor oil. Oil has been found in small quantities in almost every well drilled here, and as the building of the B. & O. railroad, which is surveyed through this field, is practically certain, it is thought that the field can be reopened and made a paying one.

## MORGAN AFTER THEM

Seeking Control of the Coal Industry of Sunday and Hocking Valleys.

### A COMBINATION MAY GET THEM

Estimated That Amount of Deal May Approximate Between About Seven to About Ten Millions—Undeveloped Lands May Also Be Secured.

Athens, O., May 3.—From authority which seemed indisputable, there came the information that almost the entire coal industry of the Hocking and Sunday Creek valleys will come under the management of the gigantic combination of capital, of which J. P. Morgan is the head.

According to the information, it is the intention of the syndicate to get control of all the mines now in operation and to secure as many acres as possible of undeveloped coal lands. This deal will practically include all the coal lands and mines in the three counties of Athens, Perry and Gocking.

Conservatively estimating the amount of the deal it can be approximately placed at from about \$7,000,000 to about \$10,000,000.

The total daily capacity of all the mines in the three counties is conservatively placed at 30,000 tons. It may be considerable more, and it is certain that the capacity is not less.

#### PAWNBROKER ARRESTED.

Accused of Being Accomplice of Biddle-Dorman Gang.

Detroit, May 3.—In the arrest here of Barnet Werbe, a leading pawnbroker of Detroit, it is believed the last of the Biddle-Dorman gang, to whom the numerous burglaries of about the past four months in Allegheny county, Pa., culminating in the murders of Grocer Thomas D. Kahney and City Detective Patrick E. Fitzgerald are attributed, has been run down. Werbe was arrested at his place of business, 87 Michigan avenue, a conspicuous corner in the heart of the city. He was making a bitter fight against extradition through his attorney, William Robinson.

Today Governor A. T. Bliss was to grant a special hearing at Lansing on the application for the requisition papers. City Detective Richard Kelly and County Detective R. G. Robinson, of Pittsburg, are here endeavoring in every possible way to secure the prisoner and take him back to Pittsburg.

Werbe, it is charged by the Pittsburg detectives, if not the actual plotter of all the daring schemes of robbery conducted by the two Biddles and Dorman, had at least a working arrangement with them by which he would dispose of all the plunder of a certain character sent him.

#### DROWNED FOUR CHILDREN?

Rosenfield Believed to Have Done So and Then Suicided.

St. Paul, May 3.—The four Rosenfield children, supposed to have been hurled over the Marshall avenue bridge by their father, were: Joseph, 9 years; Mary, 7 years; William, 4 years, and Samuel, 2 years.

The father is supposed to have committed suicide by also throwing himself overboard. A watchman found the body of a boy floating in the Mississippi.

The search for the other bodies will be pushed rapidly. Rosenfield had for some time been separated from his wife, who has been living in Minneapolis, while Rosenfield lived in St. Paul. About a week ago he hired a carriage and got his children from their relatives, who were keeping them. He tried to prevail on his wife to accompany them, but she refused. The next morning the horse was found near the Marshall avenue bridge, all trace of the occupants of the carriage having disappeared until Thursday.

#### Hanged Himself in a Barn.

Massillon, O., May 3.—While plowing at their farm yesterday, George Blaumeiser, aged 22 years, unmarried, jocularly remarked to his father that he "was too heavy for light work," and that he thought he would go to the house and rest. Two hours later his dead body was found hanging in the barn, a halter about his neck. Blaumeiser was an inmate of an insane hospital. He had been released on trial.

### THE PRESIDENT'S SPEECHES.

One of the leading Democratic organs of the country professes to be surprised at the character of the speeches which President McKinley has been delivering in the south. It remarks: "With no election in sight, and with the next session of congress still more than six months off, it was supposed that Mr. McKinley's responses to the greetings en route would be made up of that pleasant oratorical compound known as 'taffy.' Instead of this, the president has not only reaffirmed his adherence to 'expansion,' which he has good reason to know is popular at the south, but has boldly hinted at a progressive economic and commercial policy."

Well, what is wrong with that course? Democratic organs are certainly mighty short of material for fault-finding when they attack the president for talking sense instead of nonsense. President McKinley never indulges in specious platitudes or high-sounding but meaningless oratory. His utterances are always those of a patriot and a statesman. He never talks unless he has something to tell that the people want to hear. He always takes the people into his confidence. The southerners may not all agree with him, but they are all admirers of plain speech and frankness. The Democratic organs need not worry about McKinley's speeches; they won't find anything wrong in them. He does not open his mouth and put his foot in it, like the shallow statesman from the Platte, but every word that he utters inspires popular confidence. He trusts the plain people and they trust him; moreover, he has full faith in their intelligence, and sees no good reason for talking to them in riddles or feeding them "taffy."

### HONORS TO CONGER.

Minister Conger is back in Iowa among his own people. The reception accorded him must be some compensation for the trials and dangers through which he passed, when, in common with the diplomats of other civilized nations and their families, he was shut up for weary weeks within the walls of Peking, threatened with starvation or death at the hands of the fanatical and barbarous Boxers. Minister Conger had an experience such as never fell to the lot of any other American representative abroad, and such, we hope, as will never be repeated. The very thought of the possibility of its recurrence is enough to make civilization shudder. Minister Conger, besides being loved for the dangers he has passed, has shown himself to be an able diplomat and a patriotic American, and the whole country, as well as his own state, accords him full honor for what he has done and endured in the government service. All congratulate him most heartily and all will applaud the action of the Republicans of Iowa if they bestow political preferment and make him their governor, as they have intimated that they may do.

BURNED OVER BY THE FOREST FIRE YESTERDAY.

Bentley Newell's Orchard suffered a Damage Estimated at \$500.

The forest fire on the Southside, which raged from 2 o'clock yesterday afternoon until extinguished by the rain at 9 o'clock last night, did a great deal of damage to several farmers. The heaviest loser was Bentley Newell, whose large orchard was almost completely destroyed. Mr. Newell conservatively estimates his loss at \$500. About 100 acres were covered by the fire, and much valuable timber was burned. Also all the fences in the territory covered by the flames.

## THE OLD STORY.

A Car off the Track And Others Delayed—Street Railway Men's Troubles.

When the rainstorm began last evening the usual trouble was experienced with the street cars. At the corner of Franklin and Sixth streets cars 33, 35 and 36 furnished entertainment for a large crowd of spectators. The crews were compelled to work in the heaviest of the shower, and it was some time before matters were straightened out.

No. 33 was off the track at the east end of the switch and 35 at the other. When they were put on all were compelled to go through the switch and the left track.

The Cleveland & Pittsburg Railroad company and the street railway company had their forces of men at work this morning placing a new crossing in the track at Second street. The crossing has been in a bad condition for some time, and all trains have been compelled to slow down over it for several days. It was the cause of a street car jumping the track last night about 7:30 o'clock. The car was across the main track and with the aid of several other cars and the shifting engine it was placed on the track just a few minutes before the arrival of the 8 o'clock train. A transfer of 30 minutes was caused by the accident.

A WELL ATTENDED CONVENTION OF EPWORTH LEAGUERS.

Dr. Arthur Staples a Speaker at the Opening—The Program for Today.

The convention of the Epworth League of the Methodist Episcopal church opened last night at the First church in this city. Charles Boyce, of this city, delivered the address of welcome and Miss Porter, of Toronto, made the response. Rev. Arthur Staples, D. D., president of Beaver college, was then introduced and he delivered an eloquent address, taking for his subject "The Christian an Ambassador for Christ." He also spoke of the progress of the league during the last few years and of the bright prospect of it making a greater progress in years to come. After benediction the league adjourned to convene again this morning at 6:30 o'clock in sunrise praise service, which was led by Rev. E. E. Adams, of Toronto.

Devotional services were held at 9 a. m., led by Miss Emma Taylor, of New Somerset. Conferences on various departments of League work and reports of superintendents were received. This afternoon Rev. Dr. Crawford will speak and this evening Rev. George W. Orcutt and Rev. Earl D. Holtz are on the program for addresses. The meeting closes tonight. The attendance is large and great interest is shown.

## MARTHA'S ELOPEMENT.

SHE DONNED MAIL ATTIRE TO GO IN A BOX CAR.

Arrest of Herself And Lover Frustrated Plans—She is a Steubenville Girl.

Chicago, May 3.—Love for the man who, in a time of adversity, proved true to her, and who, when she was seriously ill, nursed her back to life, caused Martha Snyder, the pretty young daughter of wealthy parents of Steubenville, O., to plan an elopement.

Shorn of her curly locks and attired in male clothing, she was about to start for the east with Fred Cooper, when they were arrested. Cooper explained that since they were short of funds, it was decided that they would attempt to steal their way east in a box car.

Miss Snyder is the daughter of the late Tony Snyder. Her mother, Margaret Snyder, was re-married and lives at Alikanna, four miles above Steubenville. The girl is said to have been in the house of correction. Some time ago she was employed at a hotel in Canton. There she met Cooper and it was love at first sight. Cooper came to Chicago in search of work and she followed him. They were planning to go to New York, stopping on their way east at Steubenville to seek parental forgiveness. They had but \$7 between them.

The next day Martha and Fred were married in the Chicago police court. The girl is only 17. They will be given transportation to Steubenville by the city.

## POLITICAL MATTERS.

Through Rev. P. Robertson, pastor of the Mohawk Presbyterian church, of Cincinnati, who is now in Brooklyn, word has been received that Colonel H. M. Robert, of Portsmouth, O., has been made brigadier general and chief of the engineer corps of the United States army. This is the first time since the establishment of the government that an Ohio man has been advanced to that responsible position. Through the influence of Senator Foraker the honor was thus conferred upon one of Ohio's sons. Colonel Robert is the author of "Robert's Rules of Order."

Colonel James Kilbourne very much desires the Democratic gubernatorial nomination. The colonel is a good business man, a gentleman in every sense of the word, but has no idea of the game of politics and makes moves which cause enemies in his own party to spring up all about him to encompass the defeat of his aspirations.—Toledo Blade.

The joint Morgan-Noble legislative convention will be held at McConnellsville on May 23. Hon. E. Lefevre, of Morgan, who is serving his first term, is a candidate for renomination, and he appears to have the call.

## AMONG THE TEXANS

President McKinley Is Expected to Reach Houston Some Time Today.

### SCENE IN HISTORIC CABILDO

A Notable Affair in Honor of President McKinley at New Orleans. Visited a Negro College—Trip on Mississippi.

New Orleans, May 3.—About 6 o'clock last night the presidential special resumed its long journey to the Pacific. Houston, Texas, will be reached today.

After a short visit to the Southern university Thursday, where about a thousand colored students greeted the president with waving bits of colored bunting, so arranged as to make the whole an American flag, and where the president made a brief speech, the party passed across Canal and Rampart streets, the boundaries of the new city, into the old town, with its narrow streets, its quaint galleried residences, its cathedrals, old Spanish buildings and the French market.

#### Drew Up Before the Cabildo.

There was a striking picture when the party drew up before the mouldering cabildo, over a hundred and fifty years old, which is situated opposite what is now called Jackson square, but which in the old days was the Place d'Armes, where Spanish generals formerly drilled their soldiers. Around the encircling streets the balconies were thronged and down in the square was a crowd of people. Many races were represented, but the foreigners were mostly French and Italians. Those on the outer edges of the crowd stood with their faces pressed against the high iron railings that enclose the park. Many people were perched in the trees. The French tri-color and several other strange flags, among them the red-white and green banner of Portugal, were interspersed with American flags in the decorations. Drawn up in line before the historic old building were young cadets from the Jesuit college, and up the winding stairway at the entrance of the building was ranged a file of the continental guards, a local organization, in the buff and blue of the revolutionary era, wearing cockades and white crossed belts, with the figures "76" on their shining brass belt plates. As the president alighted a squad of the cadets blew a fanfare on their French trumpets, the Louisiana field artillery fired a salute of 21 guns and the bells of the cathedral and all the churches in the quarter pealed out their welcoming greeting. It was an inspiring moment. Up the stairway, past the continental guard, the president and his party mounted into the crimson-draped audience chamber where the exercises took place. The minds of the visitors were carried back to the days long ago, when Spanish kings ruled here, and to that memorable day, almost a century ago, when the keys of the city of New Orleans were delivered up in this very room to Wilkinson and Claiborne, the American commissioners, and French dominion over the great Louisiana territory passed to the sovereignty of the United States.

Alcee Fortier, a distinguished Creole, president of the Louisiana Historical society, recalled these great events in his address to the president, and the president, in his response, dwelt upon their momentous bearing upon the world's history. It was a notable speech and was received with enthusiasm by the distinguished gathering present. The president spoke as follows:

#### What the President Said.

"I rise only for the purpose of making acknowledgement to the Louisiana Historical association for its cordial and generous welcome to this historic place. It has been a great honor to me to be received here by the governor of this great commonwealth, by the chief justice and his associates of its highest court; by the mayor of the city to this place, memorable not only in American annals, but memorable in the annals of the world. (Applause.) I am glad to stand nearby where that great transaction took place which transferred the Louisiana territory to the flag of the stars (applause), a transaction which changed the map of the world and made this Union what it now is, the strongest and freest nation on the face of the earth." (Great applause.)

When he had concluded the president appeared upon the balcony to show himself to the waiting thousands outside. The cadets below presented arms and the square and the buildings surrounding it fluttered with handkerchiefs and flags, while the air was torn by the hoarse roar of the shouts of the multitude. The president stood waiting for the cheering to subside. He acknowledged the demonstration with a bow, right and left, and spoke as follows:

"My Fellow Citizens—I have great honor in standing on this historic ground to receive the greetings of my countrymen and to recall the fact that here nearly a hundred years ago, a great scene was enacted that dedicated a larger area than the orig-

inal 13 states to liberty and union forever." (Applause.)

#### Took Ride on Mississippi.

The party then returned to the hotel for luncheon and in the afternoon embarked on a Mississippi river steamboat for a trip along the river front, from Audubon park to the historical battlefield of Chalmette, where the monument erected in memory of the defeat of Pakenham by General Jackson commands a view of the river. A little further up, and on the Algiers side of the stream, the presidential party had a good view of the preparations now being made for the reception of the new floating dry dock now in course of erection by the government at Sparrows Point, Maryland.

The ladies of the party had remained quietly at the hotel during the ceremonies of the morning, only a few of them taking a quiet ride around the city, but they participated in the river trip, and enjoyed it.

#### FOUND IN THE RIVER.

Body of an Unknown Taken from the Ohio at Vanport.

Beaver, Pa., May 3.—While crossing the Ohio river between this town and Vanport, yesterday David Jones, who runs a wire ferry, and Attorney Lewis W. Reed, of Beaver, discovered a man's body in the water near the Vanport shore. The body was brought to Beaver and is in charge of Coroner J. D. Anderson. The man was about

40 years of age, five feet three inches tall, and weighed about 165 pounds.

There is a long cut on his face. It is thought the body is that of a deck hand from one of the coal boats, who had been injured in some way and knocked into the water. The body had been in the water at least five months.

#### EXCITEMENT IN A LODGE.

Candidate, While Being Initiated, Fired at an Officer.

Nyack, N. Y., May 3.—Normal Hemingway, from Kansas City, who had been living in Rockland county for several months, was initiated in the lodge of Odd Fellows at Spring Valley. During part of the ceremony W. R. Sherwood, an officer of the lodge, acted in a stern manner and rushed toward Hemingway, intending it as a joke. Hemingway thought Sherwood was in earnest and pulled out a revolver and fired it. The powder burned Sherwood's face, but the bullet missed him. There was great excitement in the lodge and the incident broke up the meeting.

#### EVIDENCE FOR CAPTAIN REED.

It Was Submitted—Believed He Will Be Found Guilty.

Manila, May 3.—The evidence for the defense in the trial of Captain James C. Reed, ex-depot commissary at Manila, charged with soliciting and receiving bribes and other official misconduct, was submitted. It is generally believed the court will find Reed guilty.

It is again reported that Calles will surrender. The remnants of Tinio's army are surrendering.

#### Train on Lake Shore Wrecked.

Cleveland, May 3.—A heavy crank shaft that had been flung off a flat car and which landed on the opposite track caused the derailment of Lake Shore train No. 10 at Berea last night.

The passenger engine was badly damaged and a couple of cars derailed, but so far as known no one was injured. A freight train ran into the passenger wreck, damaging the engine considerably. Trains on the Lake Shore in both directions were delayed in consequence.

## WILL CLOSE MAY 15

Decision Reached at a Meeting of the Window Glass Manufacturers.

## SOME CO-OPERATIVES OBJECT

Effort Will Be Made to Induce Them to Agree—Effects Nearly 18,000 Workers—Wages to Be Increased 15 Per Cent.

Indianapolis, May 3.—As the result of a national conference of window glass interests held here it was decided to close down nearly all factories in the United States on May 11 and to give all employees an advance in wages of 15 per cent. The conference was attended by representatives of all the co-operative glass factories in the country. There were also present members of the wage workers' committee and President Chambers, of the American Window Glass company, commonly called the trust. The result of the conference effects 2,750 glass blowers and 15,000 other employees, all of whose wages will be increased 15 per cent.

The action of the co-operatives, however, does not meet with general approval, and there are indications that some of them will refuse to abide by the action of the majority. One of them said after the close of the meeting that he would not abide by it. Another meeting will be held today, at which details will be arranged and an effort will be made to secure the consent of the co-operatives.

## TROOPS TO COME HOME.

Expected Sailing of Transports From Philippines.

Washington, May 3.—Major Miller, chief quartermaster at Manila, cabled the war department an approximate schedule of the sailing of transports from Manila with troops to be mustered out of service, as follows:

May 10—Hancock, with the Thirty-first; Buford, with the Forty-first; Pennsylvania, with the Fortieth. May 20—Logan and Kilpatrick, with the Thirty-eighth, Forty-third and Forty-fourth; Indiana, with the Forty-second. May 25—Grant, with the Forty-eighth and Forty-ninth; Ohio, with the Forty-seventh.

If there should be any surplus they will be sent on the Thomas. Men's and boys' fancy striped suits in serges or flannels, real swell ones at that. 276-1 THE SURPRISE CLOTHING HOUSE.

## BERGHOLZ RAILROAD

Through the Jefferson County Coal Fields Will Be Commenced Soon.

Information has been received that the bids of the contractors have been submitted upon the work of building the Wheeling, Alliance & Lake Erie railroad for the Morris-Garfield syndicate and that the contract will be awarded in a short time and the work started. For the present it is said that the line will be built only from Bergholtz south, reaching the coal fields of Jefferson county.

The ultimate intention, however, is to build to Fairport, thus giving the road a lake outlet. It is expected that the construction work will be under way before the middle of May.

## Mandamus Were Refused.

Harrisburg, May 3.—Judge Weiss handed down an opinion in several of the school mandamus cases against the state treasurer and superintendent of public instruction, in which he holds that the question of sufficiency or deficiency of revenue does not enter into the right or power of the governor to approve or disapprove a part of an item of an appropriation; that the governor may consider that in the exercise of the right or power, but the question of sufficiency of revenue does not enter into the right or power itself. For this reason the mandamuses were refused.

## Captain Alger Married.

Detroit, May 3.—Miss Mignonne E. Swift, of this city, and Captain Frederick E. Alger, son of ex-Secretary of War Russell A. Alger, were married in the Fort Street Presbyterian church. Captain and Mrs. Alger left for the east in General Alger's private car and will sail for the Mediterranean. It was expected, on Saturday.
